## Exclusive Series

The Neno Beauty line was created to make everyday skincare even more enjoyable and effective. **It is no longer just a necessity, but an important ritual that delivers visible results.** In our facial devices, we have implemented technologies that until recently were used exclusively in professional beauty salons: EMS, RF radio waves, electroporation, thermotherapy, and sonic vibrations. Each of these supports skin firming, lifting, and smoothing, while additional memory functions and automatic timers ensure that your skincare routine is intuitive and perfectly suited to your daily rhythm.

The Neno Beauty series also includes innovative hair care devices, such as an ionic hair dryer and a hot air styler with interchangeable attachments. Ionization protects hair from static, while five temperature levels allow you to care for your strands exactly as they need. Adjustable airflow provides results ranging from gentle drying to fast styling, making hair care lighter, more pleasant, and more conscious.

**nenobea**ty

SILVIA

PROFESSIONAL IONIC  
HAIR DRYER

Ultra-fast  
drying

Cool shot

5 temperature  
levels

Quiet motor  
operation

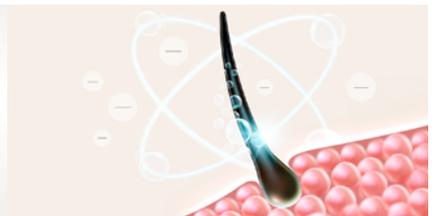

Precise temperature  
control

600 million  
negative ions

Neno Beauty Silvia is a professional ionic hair dryer. Modern, lightweight, and extremely efficient, it combines advanced technology with everyday hair care. **Neno Beauty Silvia offers ionization with emission of up to 600 million ions**, intelligent temperature control, 5 heat settings, 3 airflow levels, and a variable temperature mode. Equipped with a 110,000 RPM motor, it dries hair instantly without damaging its structure. A cool shot function, quiet operation (58 dB), LED display, and magnetic concentrator nozzle ensure comfort and precision styling – both at home and while traveling.

**NEGATIVE IONIZATION** – generates negatively charged ions that reduce static and help seal the hair cuticles. As a result, hair becomes noticeably smoother, less prone to frizz, easier to style, while maintaining a healthy look and natural shine.

neno<sup>®</sup> beauty

VIO

5-IN-1 IONIC  
HOT AIR STYLER

Ultra-fast  
drying

Cool shot

Intelligent  
temperature  
control

Quiet motor  
operation

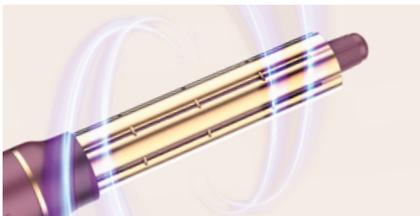

3 speed  
levels

800 million  
negative ions

Neno Beauty Vio is an elegant 5-in-1 ionic hot air styler generating up to **800 million negative ions** for smooth, shiny hair – just like after a salon visit. Five interchangeable attachments, temperature adjustment, and a memory function ensure fast, comfortable, and personalized styling. The 110,000 RPM motor guarantees instant drying with airflow speed up to 23 m/s. Its slim design, quiet operation, and exclusive finish make it not only a practical device but also a stylish addition to your vanity

**INTELLIGENT TEMPERATURE CONTROL** – adjusts heat to your hair's needs, protecting it from overheating and dryness. It enables fast drying, smoothing, and precise styling, adding volume and natural shine. The ergonomic design ensures comfortable, intuitive, salon-quality styling.

ALVA

LED LIGHT THERAPY MASK  
FOR IMPROVED FACIAL SKIN  
CONDITION

Anti-aging effect

Skin regeneration  
acceleration mode

Brightening  
mode

Timer

4 light wavelengths

3 programs

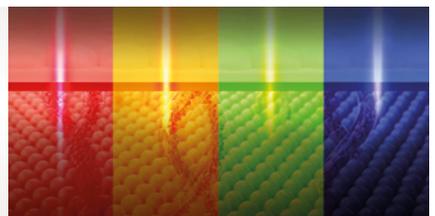

Wireless

220 LEDs

Neno Beauty Alva is an LED mask that offers three different operating modes – soothing, brightening, and rejuvenating. **The mask is equipped with 220 LEDs** emitting four light wavelengths: blue light (470 nm), red light (630 nm), deep red light (660 nm), and near-infrared light (850 nm). The device operates wirelessly, and the built-in timer ensures automatic and safe shut-off after each session – that is, after 10 minutes. The mask is very easy to use – it features a single button for changing modes, and each switch is accompanied by a voice prompt.

**LED LIGHTS** – red, blue, yellow, and green, different light wavelengths affect the skin in different ways: red light supports regeneration and firming, blue light has antibacterial properties, yellow light soothes and brightens the complexion, while green light helps reduce discoloration and evens out skin tone.

AURI

5-IN-1 LIFTING MASSAGER  
FOR FACE AND NECK

Anti-aging  
mode

Vibration  
massage

Brightening  
mode

Timer

Red LED light  
(620 nm)

RF

EMS

Gua sha

The Neno Beauty Auri massager is equipped with a gua sha-shaped massage head that additionally emits red LED light and offers EMS and RF technologies, as well as sonic vibrations. **Regular use of Auri makes the skin visibly firmer, more radiant, and more elastic**, while helping to even out the complexion. Auri is not just a massage device, but a comprehensive daily skincare tool designed to deliver a fresher, healthier, and more well-rested appearance. Its ergonomic design and elegant finish make it a perfect choice for every modern woman.

**RF (RADIO FREQUENCY)** - radio waves heat the deeper layers of the skin, stimulating collagen production and improving firmness and elasticity.

**SONIC VIBRATIONS** - gentle vibrations enhance the massage, stimulate circulation, relax muscles, and support better absorption of skincare products..

*neno* beauty

ALGO

ADVANCED FACIAL MUSCLE  
STIMULATION DEVICE WITH EMS  
AND RF TECHNOLOGY

Two massage  
heads

3 programs

Memory  
function

Timer

2 light  
wavelengths

RF

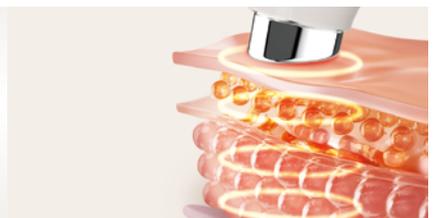

EMS

EMS+RF

Neno Beauty Algo is a contouring and firming device. It comes with two interchangeable heads – a flat head emitting red or yellow LED light and a diamond-shaped massaging head. In addition, **Algo features EMS and RF technology**. The device's performance can be tailored to individual needs with three operating modes and two intensity levels. An automatic timer and memory function for previous settings make it even more convenient and intuitive to use. Neno Beauty Algo is not only lightweight and handy, but also elegant – a device that will surely appeal to every woman..

**EMS (Electrical Muscle Stimulation)** – stimulates facial muscles with gentle impulses, improving skin firmness, contour, and elasticity. Regular use enhances the natural contours of the face.

LUVÉ

MULTIFUNCTIONAL DEVICE  
WITH MICROCURRENT  
AND FACIAL SKIN REJUVENATION  
TECHNOLOGY

5 intensity  
levels

4 modes

Booster  
mode

Timer

Skin contact  
sensor

Air Shot  
mode

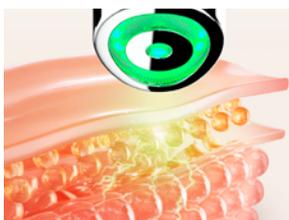

Derma shot  
mode

MC mode

Neno Beauty Luvé is a facial care device that combines multiple technologies in one. It is equipped with microcurrents, micro electrical impulses, electroporation, EMS, vibrations, and various LED light wavelengths. With four operating modes and up to five intensity levels to choose from, the device can be easily adjusted to individual needs and different skin types. **The advanced technologies used in Luvé support overall skin condition**, helping to improve firmness, hydration, wrinkle smoothing, and radiance. A built-in timer and skin contact sensor make the device even easier and more convenient to use.

**MICROCURRENTS** – gentle impulses that mimic the skin's natural bioelectricity, supporting cellular renewal and improving skin density and a fresh appearance.

**ELECTROPORATION** – increases skin permeability, allowing active ingredients to penetrate deeper layers and enhancing the effectiveness of skincare products.

*nenob* beauty

NAYA

FACIAL MASSAGER WITH EMS  
TECHNOLOGY  
AND THERMOTHERAPY  
FUNCTION

Thermotherapy

5 intensity levels

Timer

EMS

Dual head

Vibration  
massage

Memory  
function

Neno Beauty Naya is a one-of-a-kind facial massager with two heads, combining **two unique technologies: EMS and thermotherapy**. Thanks to the use of heat, the device not only warms the tissues – facilitating deeper penetration of active ingredients from skincare products – but also relaxes the muscles, making the massage soothing and comfortable. EMS helps improve the appearance of the skin, enhances facial muscle tone, and increases skin elasticity. Naya offers five intensity levels, a memory function, and a built-in timer, making this beauty accessory exceptionally easy to use.

**THERMOTHERAPY** - gently warms the skin, relaxes muscles, increases elasticity, and enhances the absorption of skincare ingredients. It supports relaxation and prepares the skin for further treatments.

*neno* beauty

MICA

THERMO-SONIC FACIAL  
CLEANSING BRUSH

Thermal  
function

3 vibration  
levels

Timer

Soft  
silicone  
bristles

7,500  
pulsations  
/min

Waterproof  
IPX7

The exceptional Neno Beauty Mica thermo-sonic **brush provides deep facial cleansing and prepares the skin for the next steps of your skincare routine.** It not only effectively removes impurities, excess sebum, and makeup residue, but thanks to its heating function, it gently opens the pores, enhancing the effectiveness of active ingredients contained in cosmetics. Sonic vibrations stimulate microcirculation, improve skin elasticity, and give the complexion a healthy glow. With its ergonomic shape and soft silicone touchpoints, the brush is not only highly effective but also extremely pleasant to use.

**SONIC VIBRATIONS** - gentle pulsations support massage, stimulate circulation, relax muscles, and enhance the absorption of skincare products.

### SILVIA

#### Specification:

- Power supply: 220–240V 50Hz
- Power: 1700W • Cable length: 1.7 m • Motor speed: 110,000 RPM • Dimensions (without nozzle): 245 × 66 × 90 mm
- Weight (without nozzle): 470 g

#### Set includes:

- Hair dryer
- Magnetic concentrator nozzle
- Storage pouch
- User manual

## nenobea<sup>ty</sup>

### VIO

#### Specification:

- Power supply: 220–240V 50/60Hz
- Power: 1200W • Cable length: 1.7 m • Motor speed: 110,000 RPM
- Dimensions: 204 × 41 × 41 mm
- Weight: 350 g

#### Set includes:

- Hair dryer • Smoothing brush
- 30 mm round styling brush
- 30 mm curling attachment with adjustable airflow direction
- Fast-drying attachment
- Concentrator nozzle • Storage pouch • User manual

## nenobea<sup>ty</sup>

### ALGO

#### Specification:

- Power supply: 5V 0.75A • Power: 12W • Battery capacity: 1200 mAh
- Timer: 6 minutes • Material: ABS + PC + PP + zinc alloy
- Dimensions: 54.5 × 45.3 × 190 mm
- Weight: 188 g

#### Set includes:

- Massager • Storage pouch
- Microfiber cloth • Type-C cable
- User manual

## nenobea<sup>ty</sup>

### LUVE

#### Specification:

- Power supply: 5V 0.7A • Power: 5W • Battery capacity: 2200 mAh
- Timer: 5 minutes • Material: ABS + PP + 304 stainless steel
- Dimensions: 38.2 × 182.7 × 38.6 mm
- Weight: 304 g

#### Set includes:

- Massager • Cloth • Microfiber storage pouch • Type-C cable
- User manual

## nenobea<sup>ty</sup>

### ALVA

#### Specification:

- Power supply: 5V 0.8A • Power: 6W • Battery capacity: 1000 mAh
- Timer: 10 minutes • Material: ABS + PC + silicone
- Dimensions: 187 × 177 × 119 mm • Weight: 250 g

#### Set includes:

- LED mask • Head strap
- Chin support • Silicone eye protectors • Storage pouch
- Type-C cable • User manual

## nenobea<sup>ty</sup>

### NAYA

#### Specification:

- Power supply: 5V 0.7A • Power: 6W • Battery capacity: 1000 mAh
- Timer: 6 minutes • Material: ABS + PC + silicone + zinc alloy
- Dimensions: 84 × 45 × 68 mm
- Weight: 172 g

#### Set includes:

- Massager • Storage pouch
- Microfiber cloth • Stand
- Type-C cable • User manual
