easy to clean

# *For toddlers*

*If you want your baby to know his surroundings from the first days of life, provide the right conditions. Use a foam mat to create a friendly area on the living room floor where you and your loved ones can share moments with your little one.*

*from 1 day of life*

# *Play space*

*Before you know it, your baby will be discovering the world so fast that you won't be able to keep up. Remember, there is never enough room for new adventures! A large foam mat will come in handy during this exciting time to give your little one a comfortable base.*

# *Soft surface*

*Want to create a safe space for your little explorer? Get the soft learning mat. It will make your child's crawling and first contact with the floor, as well as learning to walk, safe and secure.*

foam  
**XPE**

# *thermal insulation*

One of the things that can take away from the fun of playing together is the unpleasant sensation of a cold floor. With Neno Mondo, you can be sure that you will not have this problem. The mat is made of special XPE foam, which has excellent thermal insulation properties, making it an effective protection against contact with a cold surface.

# *Waterproof surface*

Don't worry if an energetic toddler knocks over a bottle of milk or juice. We have designed the mat to be waterproof. This prevents the absorption of moisture, which is the ideal environment for harmful bacteria and fungi to grow.

# *easy cleaning*

The Neno Mondo coating not only protects against moisture absorption. It also reduces the adhesion of dirt, so you'll be cleaning it in no time.

# *Bag included*

*The compact design means that Neno Mondo does not take up much space. Fold the mat and store it under the bed, in the wardrobe or in the cupboard. The practical carrying case with handle makes it easy.*

# *Educational elements*

A top-down photograph of a woman with long dark hair, wearing a brown sweater and blue jeans, sitting on a light-colored play mat. She is pointing her right index finger at the letter 'G' on the mat. A baby with light brown hair, wearing a white shirt and blue jeans, is sitting next to her, looking down at the mat. The play mat features large, stylized letters (H, I, J, M, E, F, G, D, C) and a cartoon animal illustration. The background is a light-colored tiled floor.

Neno Mondo is not only a comfortable play area for your toddler, but also a fantastic learning tool. The unique designs help develop cognitive skills and encourage creativity. What's more, older children can use the Mondo to familiarise themselves with letters and numbers.

# *Unique design*

Playing with Neno is like travelling to a fairytale land full of fascinating shapes and characters. The unique magical prints and universal colours make Mondo a perfect match for a child's room.

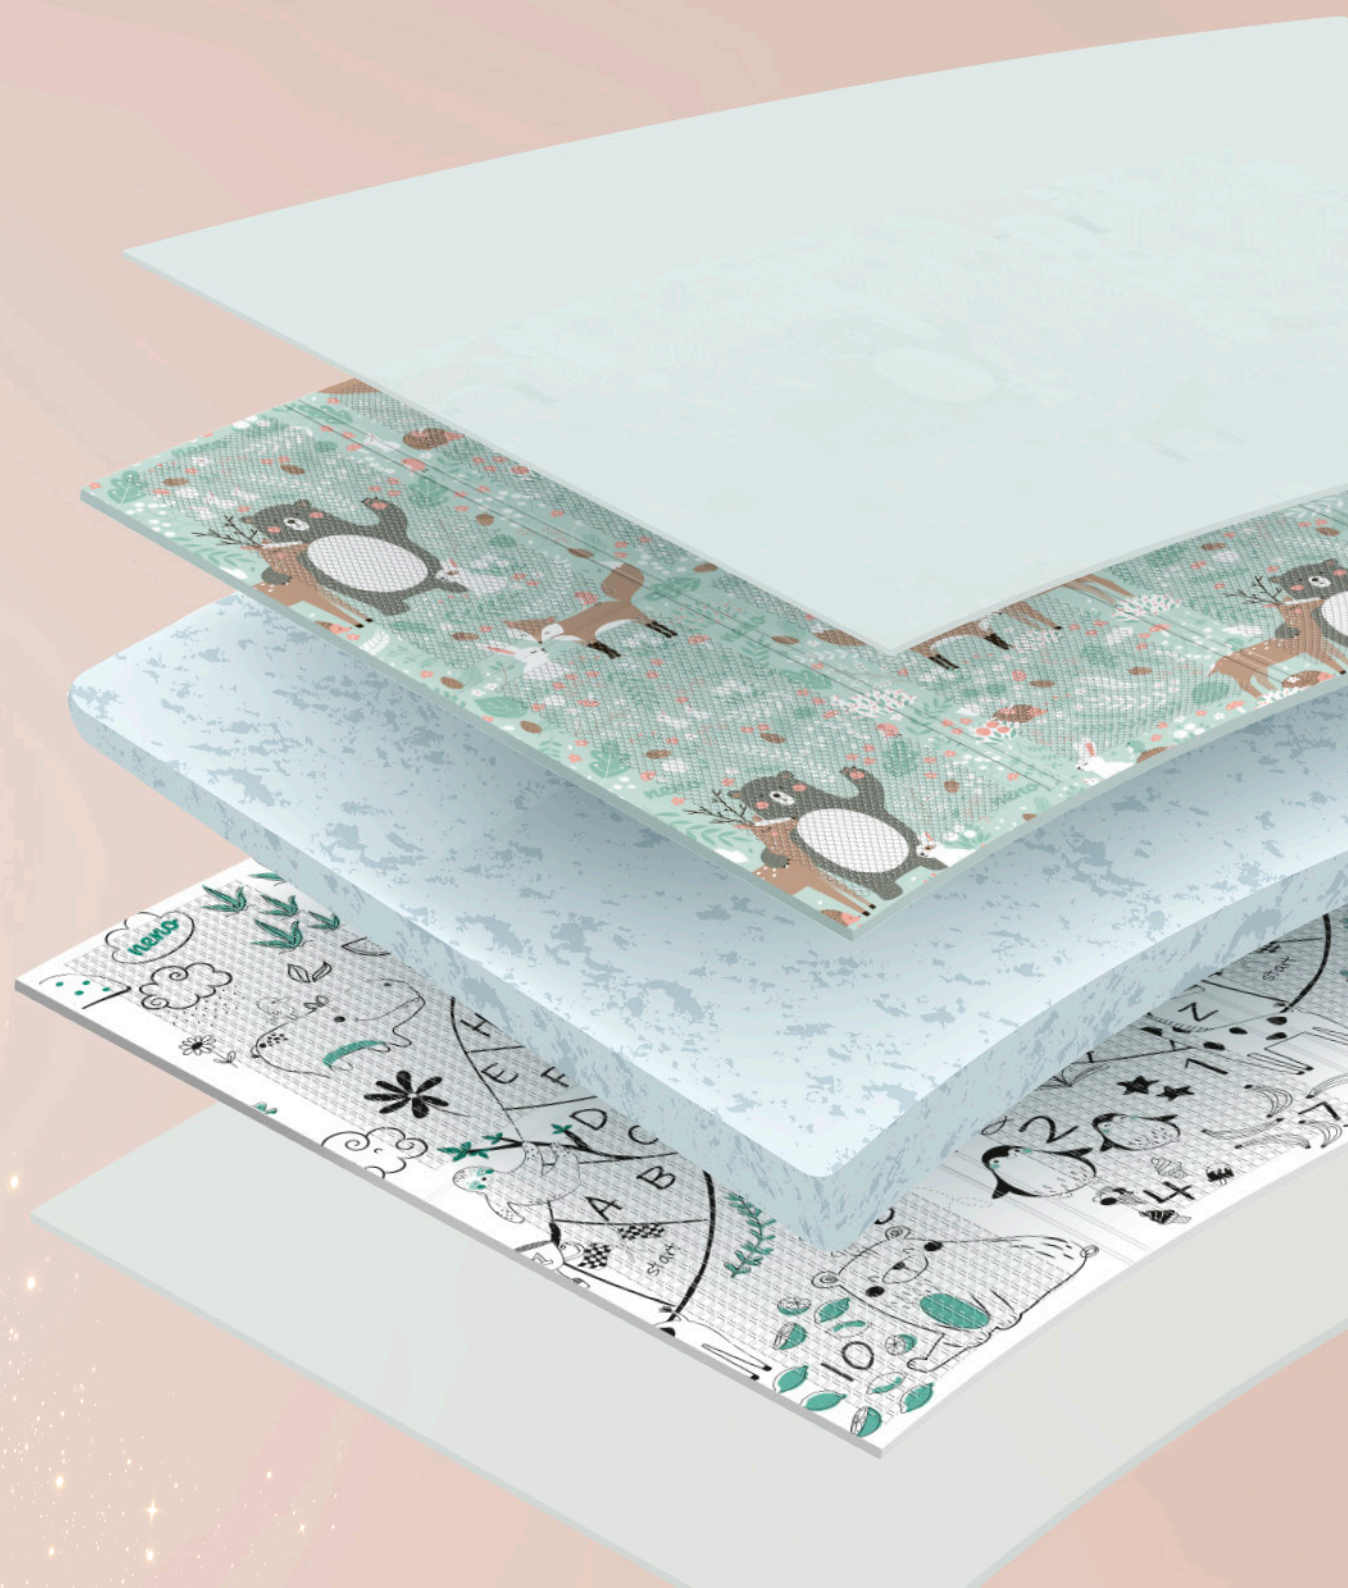

# *Anti-slip surface*

When a child starts to crawl or take its first steps, the Neno Mondo is the only way to go. The non-slip texture of the mat provides a stable surface for the toddler to practice on under the watchful eye of the carer.

formaldehyde  
free

# *Safe material*

Quality is always our first priority. So we choose only the best materials for production. The mat is made from XPE foam, which contains no harmful chemicals.

# *Double sided printing*

The company of friendly forest animals or a trip to the land of letters and numbers? It's all up to you! Choose a theme and create a fun activity for your child in the setting of your choice.

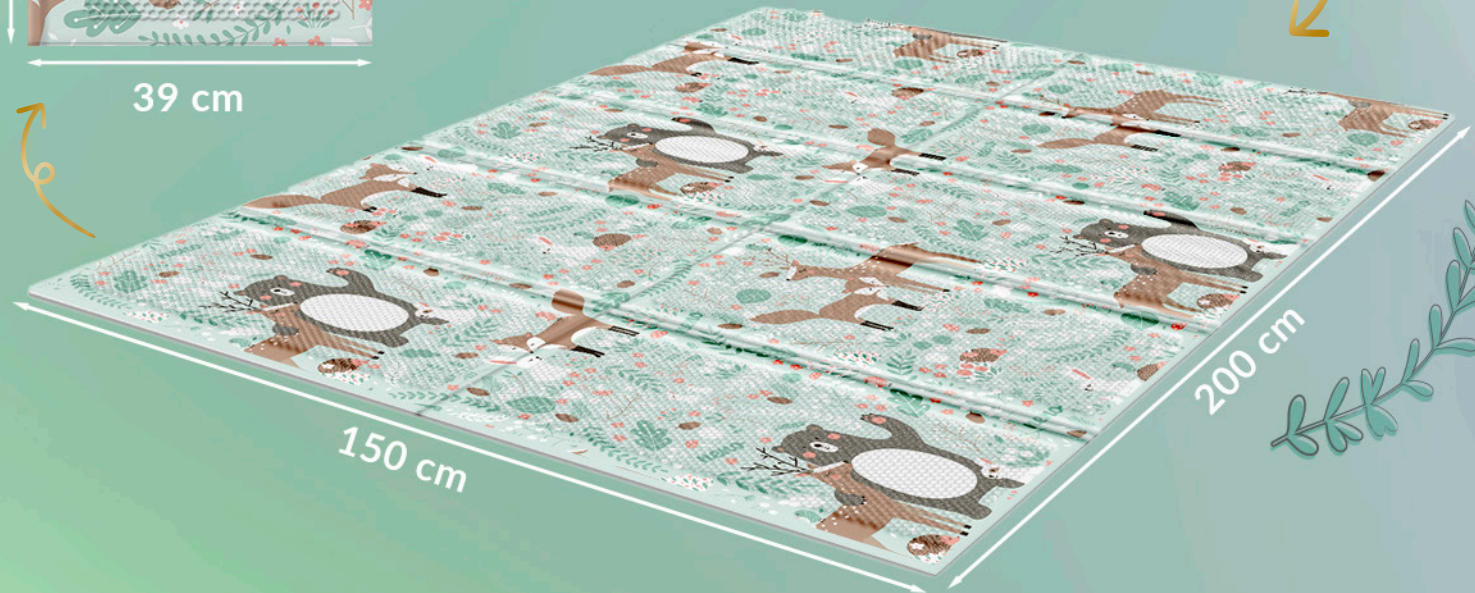

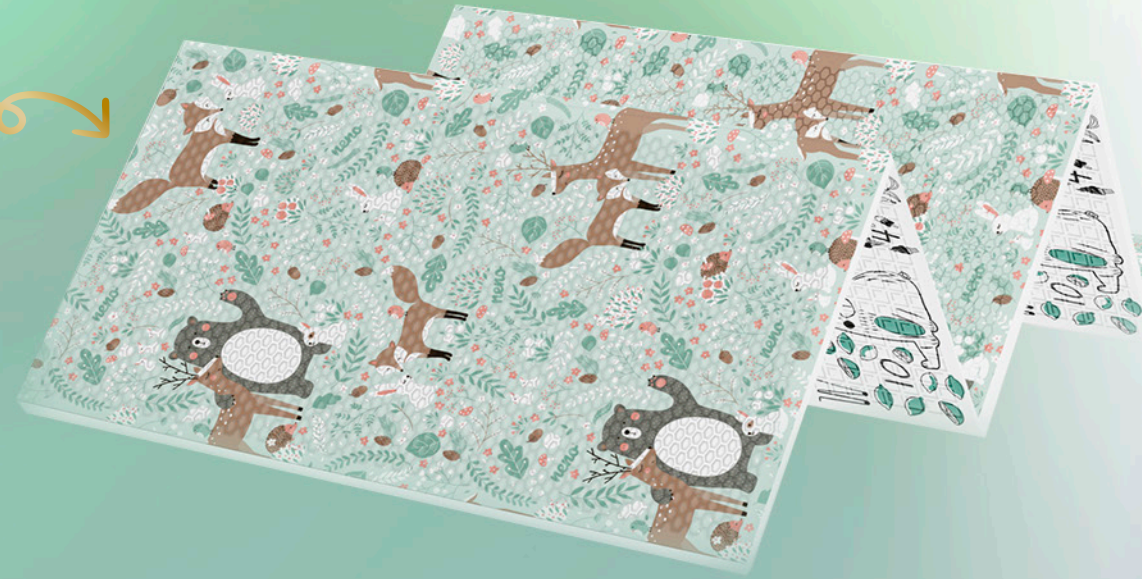

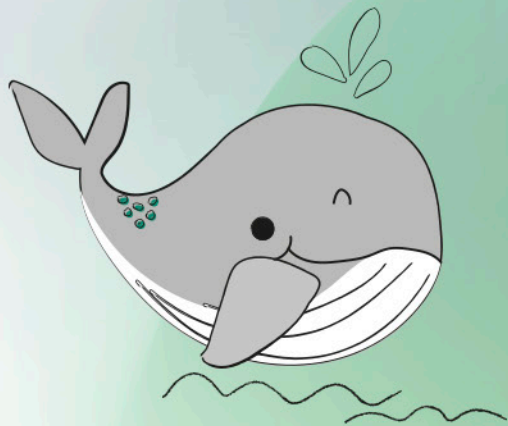

# *Time to play together*

*There is nothing more precious than time spent together. The large surface area of the mat makes it possible for one parent or a larger group of loved ones to do activities with the kid.*

# Large size

The Neno Mondo is a mat that offers plenty of space to play on, but is small and compact when folded.

# Compact

Are you packing for a holiday and want to take Mondo with you? Your baby will love it! Fold the mat, put it in your bag and throw it in the trunk.

# *Spread out wherever you want*

You know a toddler can have fun at home and outdoors. Pack the Neno Mondo for a spring outing to give baby a comfortable place to explore.
