The image features a white, modern-looking potty with a lid that is tilted upwards. Water is captured mid-pour, splashing into the bowl of the potty. The background is a soft, out-of-focus pinkish-red color, with several large, artistic splashes of water that create a sense of freshness and cleanliness. The overall aesthetic is clean and minimalist.

*Easy
to clean*

The Neno Pipi has been designed to make it easy and intuitive to keep the potty clean during use. With a smooth surface with no nooks and crannies, it only takes a moment to refresh the potty after each use.
