nenno[®]

TOP #1 POLISH BRAND

Neno is the brand top #1 in Poland among electronic breast pumps and products supporting natural breastfeeding. Polish Midwives officially recommend Neno's breast pumps. Unquestionable success of the brand certifies prestigious awards: Made in Poland, Diamenty Forbesa, Wybór Rodziców 2022, Laur Klienta – Odkrycie Roku 2022 and Gazele Biznesu.

EXTRA STIMULATION IN 3RD PHASE

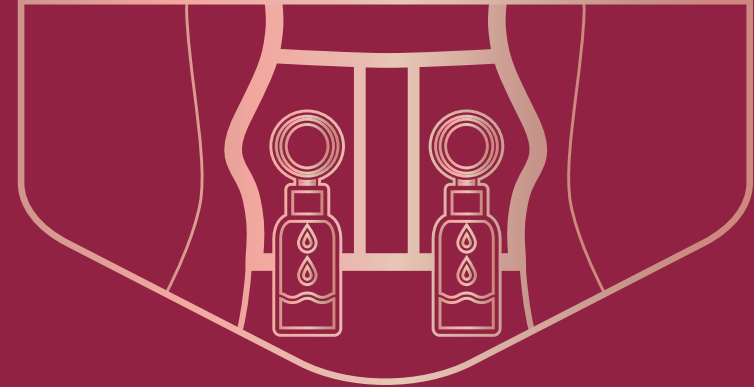

Innovative 3rd phase in Neno's breast pumps stimulates a woman's breasts and increases the amount of produced milk. It helps young mums in lactation stagnation and excess of breast milk. That is why it's a daily support in breastfeeding for the most demanding women.

Special Edition

Extra

Hands-free breast pump bra

HANDS-FREE PUMPING BRA

With Neno Bianco you will get a pumping bustier Neno Libero, which comes with the idea of being hands-free. Your hands are free - you can work and - at the same time - take care of your little kid. Wear Neno Libero not only while excessing of breast milk. It could be an alternative to a classic bra because it supports your breast.

UNIVERSAL SIZE (XS-XL)

Wide range of adjustments
(up to 30 cm)

46 cm long,
comfortable
shoulder straps

Single or double
zipper

Neno Libero has back panel adjustment (71-120 cm) and comfortable straps of 46 cm. It's designed for every woman. No matter if your breasts are narrowly spaced or not, you can adjust the pumping bustier under your nipples thanks to unzipped front insert. Soft, elastic material makes its wear perfectly pleasant.

3 BREAST PUMP PHASES

I phase - STIMULATION

Intense and shallow movements stimulating the breast to produce milk. Lasts 2 minutes and then automatically turns into phase II.

II phase - DEEP EXPRESSION

Long and deep movements ensure efficient milk collection. Lasts until automatic turn-off, so 28 minutes.

III phase - MIXED

It is an extra stimulation, which could be used at the end of milk expression. It supports breast stimulation and lactation increase. You can turn it on manually using "M" button. This phase comes after phase II and turns off automatically after 30 minutes.

TAILORED TO YOU

With Neno Bianco you can adjust the level of power or duration of each of the 3 phases to your needs. The breast pump operates at up to 9 levels of adjustment. The expression of milk could be so soft or stronger.

PREMIUM MILK BOTTLES INCLUDED

Neno Bianco included 2 milk bottles made of premium material (PPSU). These bottles are completely safe for children and BPA-free. Its characteristics are high heat resistance and less susceptibility to mechanical damage and possible scratches. The bottles have also 2 stable and perfectly matched bottle stands.

100% HYGIENE

Neno's breast pumps have a smart closed system at the highest possible level. Thanks to it you are sure that the breast milk will not get into the central unit of the breast pump in no way. That guarantees the highest hygiene and safety level for your newborn baby among others breast pumps in the market.

TOUCH PANEL

Neno Bianco has a backlit panel which enables to use of a breast pump even at night. Thanks to touch buttons, you can change the work modes and levels of power. The display shows an actual battery level and operating time.

PERFECT GIFT FOR MUM-TO-BE

Luxurious breast pump is an ideal baby shower gift which will be useful for every mum not only after giving birth. High quality and exclusive box will fill every mum-to-be with admiration.

EASY STERILIZATION

Every spare part you can sterilize by using traditional methods like boiling water or dedicated devices like sterilizer Neno Lindo. It is an innovative, modern product 6 in 1, which sterilizes, heats up quickly, defrosts and keeps the temperature of breast milk or food for your baby.

CLASSY DESIGN

It is one of the high-tech breast pumps with such an elegant design. Neno Bianco is a professional and easy-to-use device whose precision workmanship meets the expectations of even the most demanding moms. Because of its little size and lightweight, you can take it in a soft pouch for travel.

FULL SET

- Neno Bianco breast pump
- Classy pouch
- USB-C cable
- 2 milk bottles
- 4 dust covers
- 2 breast shield in the size of 21 mm
- 2 breast shield in the size of 24 mm
- 2 bottle stands
- Air tube
- 2 bottle caps
- 4 valves
- 2 anti-colic teats
- 2 Neno's breast milk storage bag
- Cross connector

Neno Bianco is a comprehensive set for a young mom. It includes everything you need:

TWIST OFF TECHNOLOGY

Thanks to twist off technology you can use a cross connector with breast milk storage bag and express milk by using a breast pump. The breast pump connector provides a high level of hygiene without the risk of milk infection. Everything is fast and safe for your baby. It is comfortable for young and rushed moms.

A close-up photograph of a woman's hands using a Neno breast pump. The pump is a clear plastic device with a white top and a clear storage bag attached. A clear tube is connected to the pump. The woman is wearing a white hospital gown with a colorful pattern. The background is blurred, showing other people in a hospital setting. The pump is partially filled with milk. The brand name 'neno' is visible on the front of the pump.

TAKE YOUR TIME

Breast pump is time-saving for breastfeeding women who would like to come back to work asap. You can express milk and keep it with Neno's breast milk storage bag. The device is powered by a USB-C cable and its charging time is about 2 hours. The charged breast pump is ready for 2-hour work.

SPARE PARTS KIT

If you will use up the breast pump's spare parts, you can replace them. Neno Spare Parts Kit is a comprehensive set compatible with every Neno's breast pump. It included a breast shield of 24 mm, membrane, silicone air tube and valve. To give you the highest possible comfort, we introduced replacement breast shields in 3 sizes: 21, 24 and 27 mm.

AIR SUCTION TECHNOLOGY

Neno's breast pumps have a technology perfectly similar to the natural baby's suckling rhythm. This technology gives you a guarantee of comfort for your nipples. This solution provides you with the most effective milk expression and prevents from lactation stagnation.

UNDER CARE

Neno's mission is to give you support in this most beautiful and most challenging time in our products - not only breast pumps, but also baby monitors, wireless nasal aspirators for babies, portable mesh nebulisers, thermometers, thermal and anti-slip food sets or electronic toothbrushes.

Neno - inspired by children, created for parents.
