neno[®]

TOP #1 BRAND IN POLAND

When it comes to lactation products, Neno is the top 1 brand in Poland. Neno breast pumps have been officially recommended by the Polish Association of Midwives. The brand has received prestigious awards: Made in Poland, Forbes Diamonds, Parents' Choice 2022, Customer Laurel - Discovery of the Year 2022 and Business Gazelles.

SUPPORTS NATURAL FEEDING

Neno Pesca is an innovation in the category of lactation support products. The massager supports a normal, physiological flow of breast milk. The device can be applied to and around the breast. The product is suitable for all mothers who are breastfeeding or expressing breast milk with a breast pump.

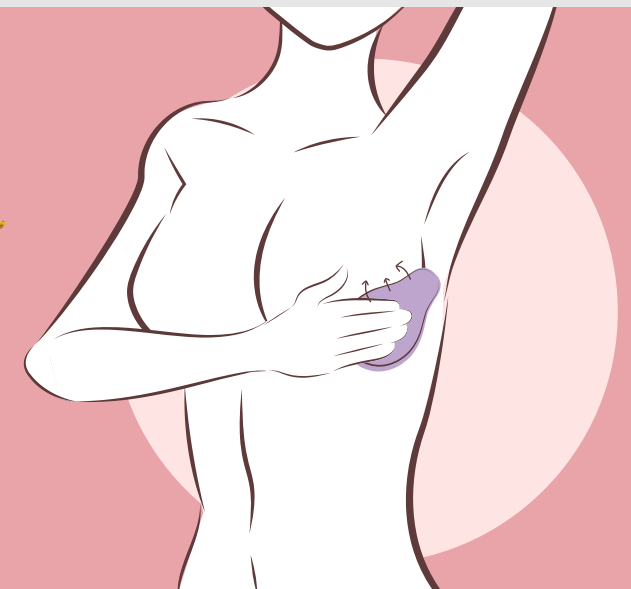

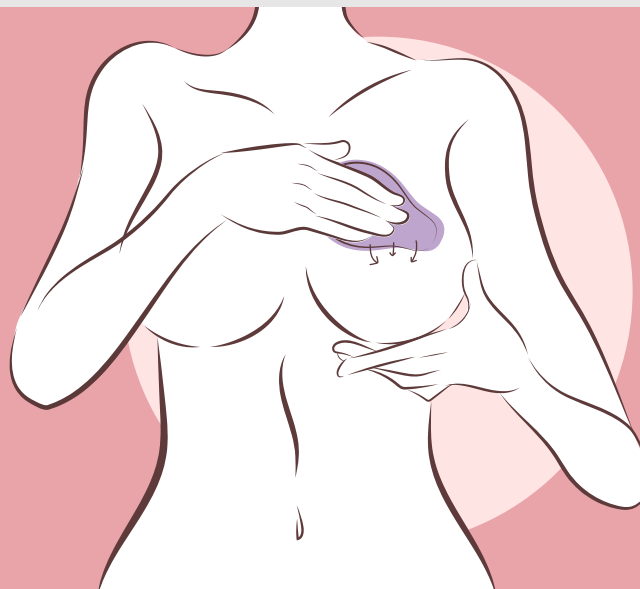

IMPROVES MILK FLOW FROM THE BREAST

You can use Neno Pesca when you observe a slower flow of milk from your breast and the breast is not engorged.

Give yourself a gentle massage towards the nipple at your chosen intensity to improve the flow of milk from the breast.

2 HEATING
LEVELS

SOOTHING WARMTH

Neno Pesca is a product that not only massages but also soothingly warms. Applying heat to the breast can help it to empty effectively, especially if you express breast milk with a breast pump. Neno Pesca is a real time saver for mums, because it increases the amount of milk flowing out.

HELPFUL IN MILK STASIS

Neno Pesca will be helpful in breast fullness. The device will alleviate discomfort. Its gentle vibration will help to empty the breast of breast milk.

HELPFUL IN BREAST FULLNESS

2 heating levels

5 types of vibrations

3 vibration intensity levels

The Neno Pesca is a lactation massager with 2 levels of heating of the milk ducts, 5 types of vibration and 3 levels of adjusting their intensity. With so many possibilities to personalise the operation of the device, you are assured of choosing the mode to suit your preferences.

A hand is shown holding a purple, egg-shaped breast massager. A white feather is positioned as if it is touching the device. The background is a soft, light purple gradient with several light purple flowers and petals scattered throughout, creating a gentle and soothing atmosphere.

SILKY SMOOTH TOUCH

The Neno Pesca is made of extremely soft silicone. It is silky smooth and brings a gentle touch to woman's breasts. Using the massager makes lactation easier every day.

RE LACTATION

Relactation is the return to breastfeeding after the milk production has stopped. Warm compresses and gentle stroking of the breast towards the nipple are recommended when the mother wants to resume lactation.

IPX7

A water massage helps with stagnant milk. Neno Pesca has a waterproof design, so you can use it while taking a relaxing bath. Cleaning the massager is quick and easy. All you need to do is to wash it using mild soap.

ŁADOWARKA MAGNETYCZNA

The device is powered by a magnetic charger, so you can charge it easily and quickly.

LONG-LASTING ACTION

60 *min*

You can use the device at maximum operation
(heating and vibration) even up to 60 minutes.

ELEGANT POUCH

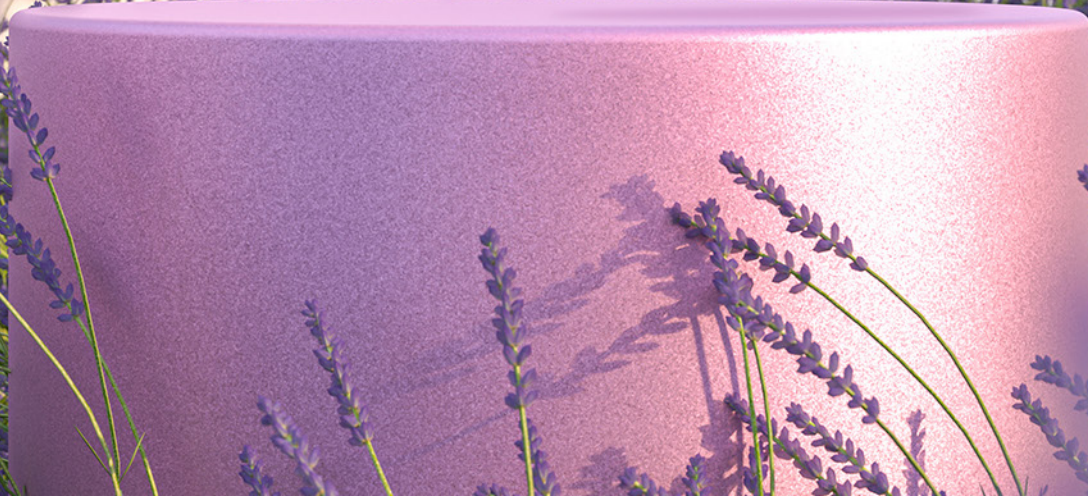

The Neno Pesca kit contains a massager, a magnetic charger and a special velvet pouch which helps to store the device. Now you can take it everywhere!

The massager has been created to sit perfectly on each breast. A smooth shape of Neno Pesca and high-quality materials from which it is made ensure comfort of use. Enjoy using a massager designed in a unique and feminine way.
