# *bathing comfortable for parent and baby*

*The Neno Lucy Stand turns caring for your little one's hygiene into a pleasant ritual. The bath tub with its practical stand makes daily bathing more comfortable for both carer and child. The appropriate height adjustment relieves the back of the parent, as it eliminates the discomfort caused by constantly leaning towards the child.*

# *controlling the water temperature*

*Practical possibility to adjust the length of the temperature sensor to the current water level.*

*Being able to control the temperature of the water eliminates the risk of it being too hot or cold. This gives you the peace of mind of knowing that your little one is being bathed in conditions that are tailored to their needs.*

37.0°C

Easy insertion and solid grip

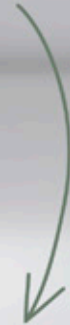

Possibility to change the material tension

## adjustable bath *liner for newborns*

The bathtub has been designed with newborns in mind, so you can use it from the first days of your baby's life. It comes with a special insert that provides adequate support and helps to keep your little one in a stable position during bathing.

*easy to fold  
and store*

*The bath tub with rack has been designed to fold up effortlessly, helping to save space in the home. Its compact size makes it easy to store even in small spaces.*

## *non-slip* mat

The non-slip mat on the bottom of the bathtub ensures that your baby stays safely and stably in position during bathing. This is an additional safety feature that minimises the risk of slipping and falling.

## *drain* plug'

*A plug with a drainage tube allows you to empty the bathtub in a flash, saving you time. This makes it easier for you to maintain tidiness and hygiene during your daily bath.*

A close-up photograph of a baby with dark, curly hair sitting in a white bathtub. The baby is holding a silver showerhead with both hands, and water is spraying from it. The baby's skin is wet and glistening. The background shows light-colored tiled walls. In the top right corner, there is text in a serif font. In the bottom left corner, there is a paragraph of text in a sans-serif font.

*space for  
a hand shower*

*Don't want to keep stepping up to the shower while bathing? We have a solution for that! A special place where you can conveniently store your shower handset so that it is always within easy reach.*

## practical *handle*

Using the handle, you can easily move the Neno Lucy Stand bathtub from one room to another, and after use you can conveniently hang it on the wall, saving space in the process.

## *non-slip feet*

Is your little one lively? The Neno Lucy Stand can easily handle such a challenge! It's all thanks to the special anti-slip feet attached to the underside of the bath and the stand, which ensure the stability of the whole structure during bathing.

## *protection* against sudden folding

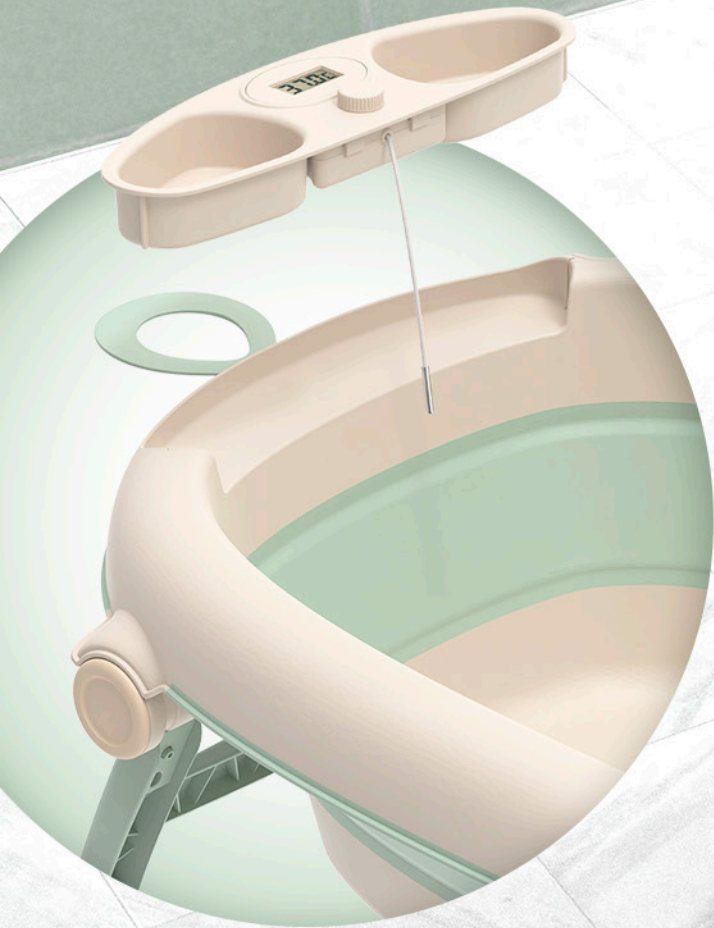

*The Neno Lucy Stand bathtub has a clamp system that prevents the legs from accidentally folding down. This ensures that the structure remains stable and unchanged during every bath, ensuring complete safety of use.*

*neno*

*folding locking  
clamps provide  
additional  
security for the  
stability of the  
bathtub*

# *space for bath products*

*The shelf can be freely removed*

*Keep your baby comfortable and tidy during bath time! The Neno Lucy Stand bathtub has a convenient shelf where you can keep all the toiletries you need to care for your baby's delicate skin.*

## *ideal for travelling*

The Neno Lucy Stand is a lightweight and compact bathtub that fits in the boot. Therefore, you can take it with you on your travels to give your little one a comfortable bath anywhere.

The Neno Lucy stand is the perfect companion when you're on the move.

*tailored to your  
bathroom*

*The tub has a simple and elegant design that fits into any interior. Its ergonomic shape and careful craftsmanship make it an aesthetically pleasing addition to your bathroom.*

# *quick-drying* bath liner

*The bath liner with mesh material does not retain moisture, making it much easier to dry and wash. This solution ensures hygiene at the highest level, as it limits the growth of bacteria and fungi.*
