2in1

- swing
- stability

The product can be used as more than just a rocker. The locking mechanism immobilises the Neno Nube, making it ideal for everyday use and easy to transport.

neno PREMIUM

5-POINT SUPPORT

The rocker is an indispensable guardian for the safety of both the busy and the quiet toddler. The 5 straps wrapped in a cover stabilise the position so you don't have to worry about your child falling out of the seat.

AN ALTERNATIVE TO THE CRADLE

Nube is the perfect resting place. It's all about rocking, which mimics your baby's familiar prenatal movements and helps them fall asleep.

neno PREMIUM

ADJUSTABLE SEAT

The Neno Nube has an adjustable seat (2 angle settings). The most comfortable position for the little user is set with the press of a large button.

neno PREMIUM

ADJUSTABLE BACKREST

The Neno Nube is designed so that you can adjust the position to suit your preferences. Not only is the seat adjustable. Choose from three different tilt angles and enjoy the rocking motion.

TOUCH SCREEN DISPLAY

Another advantage of the product is the modern touch screen display with quick access to menu and functions such as rocking level adjustment and timer.

neno PREMIUM

REMOTE CONTROL

The product is supplied with a remote control for remote activation of all options, including the very useful SLEEP function (rocking level 2, 15 minutes). This is particularly useful if you have a set time for putting your baby to bed.

BUILT-IN MELODIES

*The 10 pre-programmed lullabies are a great help for parents!
The ability to activate the melody while rocking helps your baby
fall into a deep sleep.*

neno PREMIUM

BT CONNECTION

Don't worry if your little one only falls asleep to the sound of a particular song. With the BT function, the Nube connects to your phone and transmits the music of your choice.

GO OUTSIDE

The Neno rocking chair is a great companion for relaxing in the garden. A delicate mosquito net in the canopy protects your little one from mosquitoes, and the battery power means you can use the chair for several hours without electricity.

neno PREMIUM

ADAPT TO YOUR NEEDS

The Neno Nube can be personalised. Both the included toys and the canopy and cushion can be removed at any time.

STABLE RUBBER FEET

The rubber feet on the base of the rocker won't scratch the floor, so you don't have to worry about damaging your parquet floor.

neno PREMIUM

EASY MAINTENANCE

If the cover of the Nube rocker gets dirty, you can easily remove it and wash it at a low temperature on a gentle cycle. Just enough for your hands, so much for saving time!

CAREFULLY SELECTED MATERIALS

soft velour

high quality materials

Our design team has selected the highest quality materials for the Neno Nube. Your child will enjoy the exceptional softness of the velour we have chosen. The neutral grey colour of the rocker cover is perfect for modern and minimalist interiors.

ADJUSTABLE CANOPY

*The adjustable canopy
provides protection
from the glare of a
light bulb or the sun's
rays.*

neno PREMIUM

TIMER

The timer, which measures every minute of your baby's rest, helps you adjust the rocking time to suit your current needs.

neno PREMIUM

The Neno Nube comes in a kit that contains everything you need to use the product comfortably: rocker, remote control, power supply and detailed instructions for use.

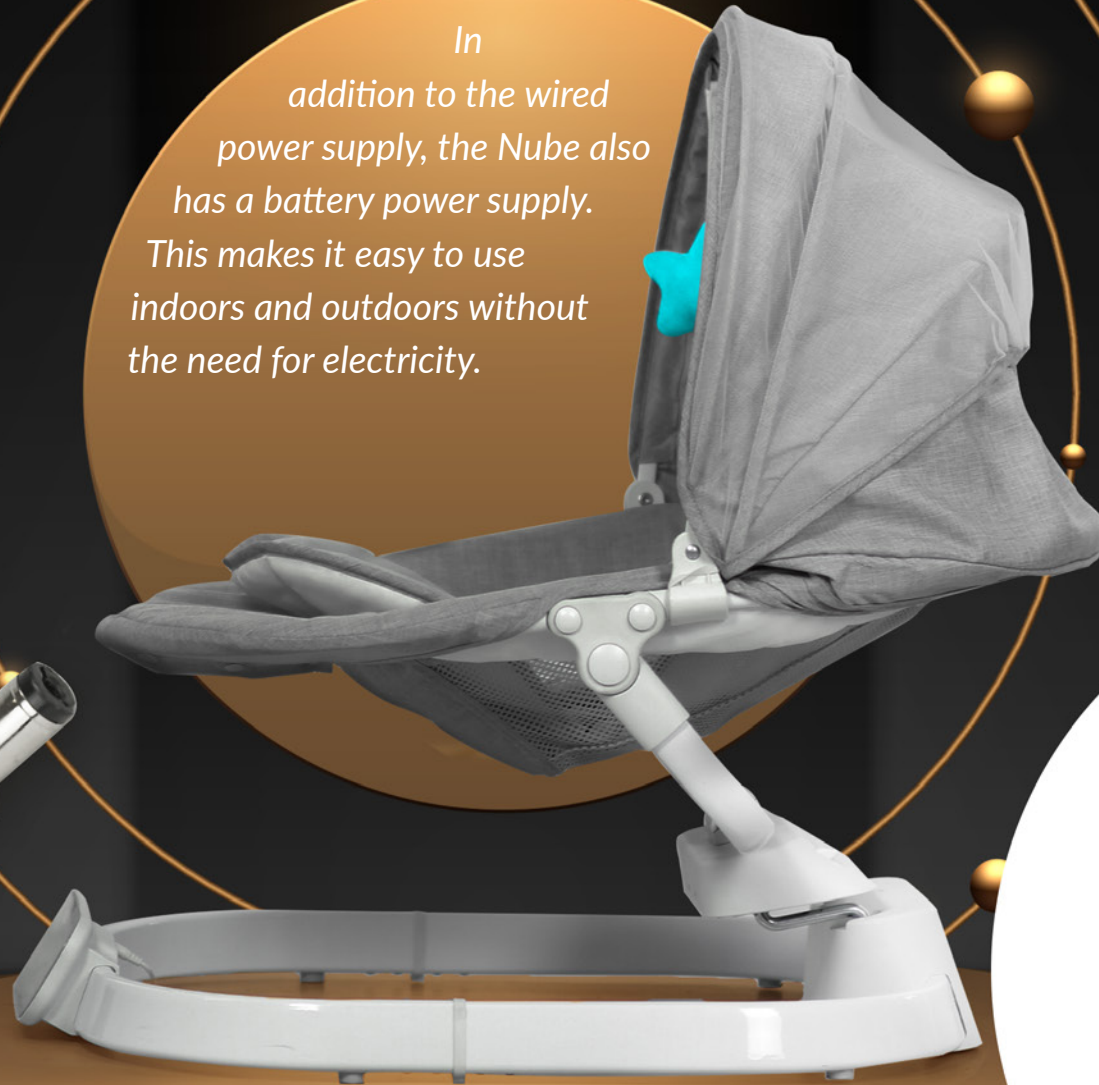

THE COMPLETE PACKAGE

neno PREMIUM

CABLE AND WIRELESS POWER

In addition to the wired power supply, the Nube also has a battery power supply. This makes it easy to use indoors and outdoors without the need for electricity.
