Perfect for baby wear

Neno Merino makes it easy to care for your wool sweaters, hats and gloves. What's more, you can help reduce waste by giving new life to the clothes your older children have worn. Instead of throwing them away, try to make them part of your little one's everyday wardrobe. The environment will be the better for it!

One-touch operation

Is it winter or spring on the horizon? Whatever the season, remember that any time is a good time to freshen up! The modern Neno Merino shaver makes it fast and effective. All you have to do is press a button, bring the device close to the fabric and make a few strokes. In a few seconds the result will be visible!

Charge when you need to

The Neno Merino shaver is your personal assistant for those special tasks that make your clothes look like new. Thanks to its powerful battery, it can run wirelessly for about an hour, giving you plenty of time to clean a lot of things. When the Merino gets 'tired' it will let you know by stopping the blades. You can recharge it with the USB cable included in the kit.

Refresh

knits and fabrics

Have you ever wondered what a sweatshirt or T-shirt is made of? Discover natural and synthetic materials, the thickness of the weave and the type of structure. The Neno Merino shaver is there to help you get started. Its steel blades can handle the surface of any garment.

Take care of the entire family's wardrobe

Neno Merino is useful for the whole family. You can use it to take care of children's and adults' clothes all year round. Renew fluffy mohair jumpers in winter, breathable viscose and cotton knits in spring. The Neno Merino's powerful battery provides a long run time, so you'll be able to clean many items quickly and effectively, saving time.

Focus on efficiency

You will soon realise that Neno Merino is an exceptional shaver! It has three sharp blades and a 46mm diameter mesh. This design helps to remove pilling more effectively.

Enjoy *the comfort*

When you buy Neno Merino, you get a product adapted to modern users' needs. It has an ergonomic spherical shape and relatively small size, so it fits easily and securely in the hand.

Clean and empty

Say goodbye to annoying lint! The shaver moves it into the container, which you can quickly remove and empty.

Stainless *steel blades*

The three stainless steel blades are the basis for the Neno Merino's performance. Excellent sharpness combined with speed will give you a 'WOW' effect. Grab the shaver, spend five minutes and your favourite jumper will look like new.

The perfect gift

You probably have people around you who love practical and beautiful gifts. Don't think twice and give them Neno Merino when an important occasion is coming up. Satisfaction guaranteed!

Bringing generations together

Are you different in age and experience? Let quality be your bond! Encourage your family members to choose clothing made from high quality materials. With proper care, they will last for years.

Appreciate the elegant design

Neno Merino is a one in a million shaver! Even the most pragmatic users will be enchanted by its glamour charm. The glossy casing and stylish shape are reminiscent of luxury decorations or perfume bottles created by top designers.

A newborn baby is wrapped in a thick, white, fluffy blanket, sleeping peacefully. The baby's face is partially visible, showing closed eyes and a calm expression. In the foreground, a small, round, rose-gold jar of Neno Merino product is visible, with the brand name 'neno' printed on it. The background is a soft, out-of-focus white, suggesting a clean and comfortable environment.

Take care of your blankets, mattresses and sheets

Neno Merino helps to maintain the quality of blankets, sheets and mattress. By getting rid of unsightly pilling, you will restore their attractive appearance for a long time.

For special events

Want to look your best for the family dinner, but your jumper, suit or coat needs an immediate refresh? Neno Merino will save you! Using the shaver, you can quickly clean the surface of your clothes and you will definitely not be late for the party.

Take it everywhere

Do you travel a lot and have business meetings? Do you always want to look your best? Then keep the Neno Merino close at hand. Throw the shaver in your handbag or backpack and hit the road. The compact size and included pouch make it easy to carry.
