Easy mounting

You can mount the carousel very quickly next to your child's cot, stroller or anywhere else. The intuitive fastening system allows you to do this without the need for tools.

Stable headband

The design of the Neno Tedi Carousel is based on a sturdy, stable headband for comfortable use. Thanks to the use of high-quality materials, it is durable and damage-resistant.

For little explorers

Toys stimulate your child's fine motor development. They encourage grasping and manipulation, which strengthens hand and finger muscles.

*Develops
cognitive
skills*

The Neno Tedi Carousel supports the development of baby's cognitive skills by stimulating vision and hand-eye coordination. Watching the rotating toys helps to teach concentration and tracking, supporting the sensory development of the baby.
