Technology GaN3

Enjoy the performance wherever you are! Discover the power of GaN3 technology, and with it, faster and more efficient charging while using less energy.

LED display

Follow the charging process in real time! The LED display shows power in watts, giving you full control and convenience while charging.

Safety

The Neno NC1 was created with high-quality components, so it provides protection against overcharging, overloading/short-circuiting and overheating. This means you can charge your equipment without worrying about it getting damaged.

Compact size

Now you can carry your wall charger with you at all times without weighing down your luggage. The Neno NC1 is small and light enough to easily fit into any pocket or bag.
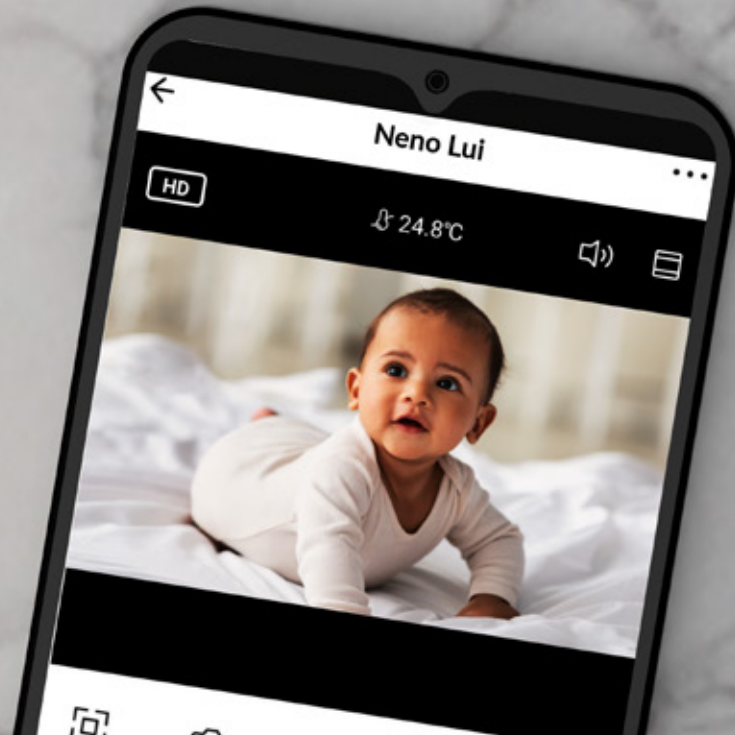

USB ports

Equipped with two USB ports (USB-C and USB-A) and supporting fast charging standards such as Quick Charge 4.0, Power Delivery 3.0 and Samsung AFC, the AC charger provides power to various devices simultaneously. Whether you're charging a smartphone, tablet or other gadgets, the NC1 will meet your needs.
