*Does your little one need to be soothed? Meet a unique bouncer that follows the rhythm. The Neno Chiaro has a flexible construction that moves with your baby's spontaneous movements. The natural bouncing motion guarantees both comfort and optimal stimulation.*

# SCANDINAVIAN *DESIGN*

*If you're a classicist in your heart and minimalist in your living room, you'll appreciate that this bouncer was inspired by the immortal Scandinavian style. This timeless aesthetic combines muted colours and simplicity that will remain in fashion for years to come.*

## ***3 COLOURS TO CHOOSE FROM***

*The Neno Chiaro is a piece of furniture that will please both you and your child. The bouncer is available in three neutral colours, so you can easily match it to the interior of your living room or baby's room.*

# 3-POINT SEAT BELTS

Safety is the most important thing. We know this very well. That is why we have fitted the bouncer with 3-point belts on both sides, secured with buckles to prevent the baby from falling out of the seat.

## *ANTI-SLIP* BASE

*Don't worry about your infant or the condition of the floor, because we've taken the time to think about it. The base of the Neno Chiaro is non-slip, ensuring that the bouncer does not slide or scratch the surface.*

*take off  
the toys*

## REMOVABLE *TOYS*

*Included with the bouncer you will find a removable toy headband. The plush pendants delight the parent's eye while gently stimulating the baby's development.*

# ***MOBILE AND LIGHTWEIGHT***

*The Neno Chiaro  
is ready to go  
wherever you are.  
The bouncer is light  
enough to be easily  
moved from room  
to room.*

*pull out the ends  
of the frame  
from the holes  
in the base*

*detach the  
velcro on the  
bottom*

# *EASY* TO TRANSPORT

*Holiday on the horizon? Take the bouncer along so your baby can explore their new surroundings. Its two-piece design makes it easy to unfold and store in the boot.*
