*Perfect fit
to the shape
of the head*

Neno Nela is a corrective pillow made of special foam (memory foam) that adapts to the baby's head and supports its correct development. By reducing the pressure on the base, it prevents deformation and flattening of the head. The ergonomic neck support facilitates breathing and ensures a peaceful, safe sleep - without restricting freedom of movement.

Cotton cover

The composition of the Neno Nela pillow is bamboo viscose. This makes the pillow soft and pleasant to the touch - gentle on baby's sensitive skin. The pillow wicks away moisture, providing thermal comfort and a feeling of freshness.

The Neno Nela pillow has been hand-sewn in Poland, with attention to every detail. The Nela model has the Oeko-Tex Standard 100 certificate and hypoallergenic properties. It is recommended by Adrianna Janota-Hulok, M.Sc. in physiotherapy, as support for the correct development of the infant.

A light beige, crescent-shaped pillow with a central circular indentation and two small rounded protrusions on the sides. It is shown against a soft, out-of-focus background.
