Meet the nursing pillow - Neno Tula

Rediscover breastfeeding comfort with the hand-stitched Neno pillow, created with mothers and their babies in mind. The velour-cotton fabric is not only exceptionally pleasant to the touch, but also safe - certified by the Oeko Text Standard 100 material quality certificate. The ergonomic shape of the pillow provides practical support that makes moments of closeness with your baby even more special.

Ergonomic design

The Neno Tula nursing pillow retains its shape, providing comfort during feeding. Its clever design allows the baby to be positioned comfortably and relieves the strain on the mother's shoulders.

Velour cover

Our pillow is covered in a soft cotton velour that is gentle on baby's skin and pleasant to the touch. The Neno Tula provides comfort during feeding and promotes closeness. The pillowcase can be easily removed and washed, making it easy to care for your baby's sensitive skin.

Practical even when travelling

Neno Tula is a cushion that combines comfort with practicality. Its neutral colours match any interior. The included carrying case makes it easy to transport - e.g. when travelling by car.

Our pillow is handmade in Poland.
Its filling is 100% anti-allergenic silicone
fleece. In addition, Neno Tula is not only
certified according OEKO-TEX Standard
100, but is also recommended by
second-degree specialist Adrianna
Janota-Hulok, M.Sc. in physiotherapy.

A large, beige, textured pillow with a large bow tied around its middle, resting on a white, quilted surface.
