A bowl full of goodness, a kitchen full of peace

With Neno Oro, cooking becomes simple, fast, and... mess-free! This device combines cooking and automatic blending, helping you preserve valuable nutrients and avoid unnecessary dishes. Everything you need in one compact appliance – for your child's health and your kitchen's comfort.

4-in-1 – One Device, Endless Possibilities

Steam, blend, chop, and keep warm – Neno Oro does it all! From the very first soups to delicate purées – you can prepare every meal with ease and exactly how you need it. With a 500 W cooking power, meals are ready quickly and efficiently, without losing their nutritional value.

Automatic

Blending After Cooking

No need to switch functions manually – Neno Oro cooks and automatically blends the meal right after cooking ends. Just transfer it to a bowl and serve your little one. Simple, fast, and without unnecessary steps

Keeps Food Warm for Up to 9 Hours

Your baby is still sleeping or not hungry yet? Neno Oro keeps the meal at the perfect temperature for up to 9 hours – ready to serve whenever your child is.

Delayed Start Function

Plan ahead and cook when it suits you. Thanks to the delayed start function, you can schedule Neno Oro up to 24 hours in advance. Breakfast ready in the morning? Lunch waiting after your walk? Now it's possible – no rush, no stress.
