SILVIA

PROFESSIONAL HAIR DRYER
WITH IONISATION

Exclusive Series

FAST *drying*

Beautiful Hair Without Effort

Discover Neno Beauty Silvia – a modern hair dryer that combines advanced technology with everyday comfort. Thanks to its ionisation function, it effectively eliminates static and protects hair from drying out. The fast airflow allows for instant drying without losing natural shine and smoothness. Your hair will look healthy every day – no compromises.

Variable temperature mode

switching between warm and
cool airflow provides more
natural and safer drying, and
can also support styling

Quiet engine operation

runs at just 58 dB or
enhanced user
comfort

Exclusive Series

Express Drying Up to 110,000 rpm

With a power of up to 110,000 rpm and an airflow of up to 57 m/s, Neno Beauty Silvia delivers impressive drying speed. The efficient, modern motor ensures consistent performance without overheating the hair – saving time and giving you full control over the result.

Up to 600 Million Ions

Salon-Like Results

The advanced ion generator used in the device emits up to 600 million negative ions, which close the hair cuticles, eliminate frizz and enhance natural shine. Drying becomes a care treatment – for smooth, soft and perfectly styled hair.

Intelligent Heat Control

Exclusive Series

A built-in sensor monitors the set temperature up to 100 times per second, effectively protecting your hair from overheating and damage. This ensures that every styling session is safe and gentle, regardless of your hair type.

Precise Settings

Neno Beauty Silvia offers 5 temperature settings: 96°C, 78°C, 60°C, 25°C, and a variable temperature mode that protects your hair from overheating. In addition, with 3 airflow speeds, you can easily adjust the settings to suit your hair's condition and type – from fine and sensitive to thick and requiring professional styling. The hair dryer is also equipped with a memory function that remembers the last temperature settings used.

Exclusive Series

LED *Display*

The LED display shows the temperature and airflow speed, while the light ring changes colour depending on the selected mode. This provides a convenient way to maintain full control over the device – just one glance is enough.

Exclusive Series

Cold Air

Full Styling Control

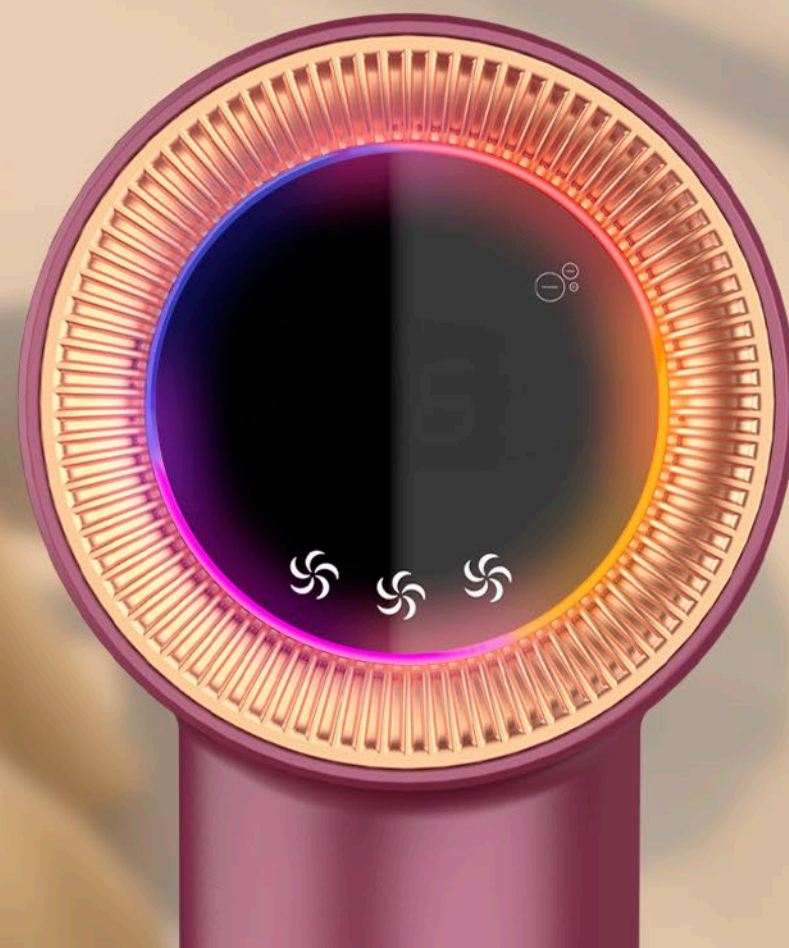

Adjust the airflow to suit your needs – from gentle drying to dynamic styling. The cool air function sets your hairstyle, closes the hair cuticles and gives your hair a beautiful shine. This helps your style last longer and keeps your hair looking healthy.

Exclusive Series

Variable Temperature Mode

Automatic switching between warm and cool airflow is a smart combination of effectiveness and hair care. This intelligent mode ensures more natural, safe drying that minimises the risk of overheating while supporting styling, giving your hairstyle lasting hold and shine.

Exclusive Series

Comfort Without Compromise

Lightweight, handy and comfortable – Neno Beauty Silvia has been designed with everyday convenience in mind. Even longer drying sessions won't tire your hands, and its compact form makes it perfect for both home and travel use. The set includes an elegant pouch, ideal for travelling – it protects the dryer and makes it easy to store in your suitcase. Stylish design and functionality in one – always at hand, wherever you are.
