Soothes
and calms

Every Mom
is a Superhero!

A Delicate Nursery Decoration

The Neno Bani mobile combines Scandinavian style with beautifully handcrafted plush figures. Bunnies, stars, and clouds create an atmosphere of warmth and closeness while gently stimulating your baby's senses.

With its lightweight, stable design and easy installation, it's a perfect addition to any nursery.

Handcrafted, Soft Plush Figures

Each decorative element of the Neno Bani mobile is lovingly handmade from felt and soft filling, offering a cozy, heartwarming look. The adorable bunnies bring a friendly and soothing charm to your baby's room, making it feel calm and inviting.

Easy Assembly

Thanks to its thoughtful design, setting up the Neno Bani mobile takes just a few moments – no tools, no fuss. The elegant mounting arm combines stability with a lightweight form, and its universal fit makes it compatible with most baby cribs. A practical and stylish solution for everyday use.

A close-up photograph of a baby lying in a crib, looking up at several hanging toys. The toys include a white cloud and several yellow stars. The baby's right hand is raised towards the toys. The crib has a quilted orange and yellow patterned blanket.

Visual Stimulation from Day One

The gently swaying stars and clouds capture your baby's attention, encouraging focus and visual tracking. This natural interaction helps develop concentration and visual coordination from the earliest days of life.

Encourages Natural Activity

The soft hanging figures — bunnies, stars, and clouds — spark curiosity and inspire your little one to reach out and explore. These small, joyful gestures support early motor development and help your baby discover the world through play.
