and calms

# *A Magical Touch for the Nursery*

The Neno Gino mobile transports your little one into a world of dreams and peaceful sleep. Adorable felt figures — a bear, a horse, and a floating balloon — create a fairytale-like scene full of warmth and imagination. It's a charming decoration that brings a touch of magic to every nursery.

# *Handcrafted, Soft Plush Figures*

Neno Gino enchants with its set of hand-sewn felt ornaments. The soft, cuddly toys look as if they've come straight out of a storybook, adding a cozy and whimsical accent above your baby's crib.

# *Secure and Easy Mounting*

*The Neno Gino mobile comes with a carefully designed mounting arm that fits most baby cribs with ease. Combining solid craftsmanship with elegant design, it ensures stable and safe attachment.*

*Installation is quick and effortless — no tools or extra steps needed. In just a few moments, the mobile is ready to delight your little one. A perfect blend of convenience and intuitive design.*

# *Visual Stimulation from Day One*

The gentle movement of the hanging figures, highlighted by subtle golden accents, draws your baby's attention and encourages observation. This helps develop visual tracking, focus, and shape recognition – supporting natural visual coordination and concentration from the earliest days.

A baby mobile hangs from the ceiling of a crib. The mobile features several felt toys: a brown bear wearing a yellow nightgown and a nightcap, sitting on a white cloud; a hot air balloon with a green and yellow striped balloon and a white basket; a yellow unicorn with a green mane and tail; and a small yellow bird. The background shows a green and white striped curtain. In the foreground, a baby's hands are visible, reaching up towards the mobile.

## *Encourages Motor Development Through Play*

As the mobile spins softly, it invites your baby to reach out and explore. These spontaneous movements nurture coordination and fine motor skills, turning simple moments of curiosity into joyful learning experiences.

## TECHNICAL SPECIFICATIONS

Mobile material:	felt, string, wood
Filling:	PP cotton
Mount material:	PP
Mount base width:	20mm
Dimensions:	approx. Ø 24cm, length approx. 40cm
