is a Superhero!

A Fairytale Mobile for Peaceful Sleep

The Neno Nelu mobile is a beautifully handcrafted decoration featuring fluffy little lambs, soft clouds, and a delicate balloon. Made from natural materials in gentle cream tones, it adds lightness and harmony to your baby's nursery. The gentle motion of the hanging figures creates a cozy, calming atmosphere above the crib.

Handcrafted, Soft Plush Figures

Each lamb and cloud is carefully handmade from felt and plush filling, creating a wonderfully soft and delicate look. The toys gently sway above the crib, bringing warmth, tranquility, and a sense of tenderness to your baby's space.

Quick and Easy Assembly

Setting up the Neno Nelu mobile couldn't be simpler — no screws, no tools, no hassle. In just a few easy steps, it's ready to use. The set includes a sturdy mounting arm that securely attaches to most standard cribs, ensuring stability and ease of use. Practical, safe, and beautifully designed.

A close-up photograph of a baby with light skin and blue eyes, looking upwards with a focused expression. Above the baby's head are several hanging toys: two white, fluffy lamb-like figures with yellow beaks and feet, and a large white star. The background is softly blurred, showing hints of a nursery setting. The overall lighting is warm and gentle.

Supports Cognitive Development

The softly moving figures — lambs, clouds, and a balloon — encourage your baby to focus and follow movement with their eyes. It's a gentle and natural way to stimulate visual perception and early cognitive skills.

Encourages Early Motor Activity

As the mobile moves gracefully, it inspires your little one to reach out and explore. These simple, playful gestures help develop coordination and motor skills, supporting harmonious growth through everyday interaction and discovery.

TECHNICAL SPECIFICATIONS

Mobile material:	felt, string, wood
Filling:	PP cotton
Mount material:	PP
Mount base width:	20mm
Dimensions:	approx. Ø 24cm, length approx. 40cm
