A Highchair That Grows With Your Child

Neno Sapori is a 4-in-1 highchair that grows alongside your child. Designed to accompany them through every stage of development - from infancy to adulthood - it offers multiple functions in one: a baby recliner, feeding chair, kitchen helper, and full-size chair for adults. Made from safe materials, Neno Sapori combines durability, stability, and safety in one elegant design.

neno PREMIUM

Comfortable Baby Recliner

Neno Sapori can be used from birth up to around 6 months of age or 9 kg. Thanks to the recliner function, you can safely place your baby in a semi-lying position and keep them close while you eat, cook, or relax. The soft, cushioned seat provides comfort and proper support for your baby's delicate back. Safety harnesses prevent slipping and keep your little one secure at all times.

neno PREMIUM

Feeding Chair

As a feeding chair, Neno Sapori ensures complete comfort for both parent and child. The contoured backrest supports your child's posture during meals, helping them sit correctly and comfortably. The removable tray is easy to clean and makes preparing for the next meal quick and effortless. With Sapori, your little one can join family mealtimes, observing adults and learning through imitation. The sturdy structure provides a sense of stability and reassurance.

neno PREMIUM

Kitchen Helper

Neno Sapori also transforms into a unique kitchen helper that encourages your child to participate in everyday activities. Position it comfortably by the countertop so your little one can help prepare meals, bake together, or simply watch their favorite dishes being made. It's a wonderful way to foster independence, spark curiosity, and learn through play. The chair can also be used in the bathroom, helping your child reach the sink and perform basic hygiene tasks with ease.

neno PREMIUM

Chair for Adults

The wooden seat and contoured backrest make the chair not only comfortable but also durable and stylish. Thanks to its clever design, Neno Sapori easily converts into a full-size chair for adults that fits perfectly into your living room or dining area. Wooden elements and a minimalist design give it a timeless look, while solid craftsmanship ensures it will serve for years - not only for your child, but for the whole family. A piece of furniture that grows with your loved one – from their first meals to family conversations at the table.

neno PREMIUM

Ergonomic Backrest

The sturdy, ergonomically shaped backrest provides both comfort and stability, supporting your child's correct posture. Its rounded edges ensure safety and comfort during playtime, mealtime, and everyday use. It's a smart design that promotes healthy habits and posture development while offering a pleasant seating experience.

neno PREMIUM

3-Point Safety Harness

Neno Sapori is equipped with a 3-point safety harness that prevents accidental slipping and keeps your child in a secure, comfortable position. Adjustable straps allow you to adapt the harness to your child's age and height, providing freedom of movement without compromising safety. The easy-to-use buckle system lets you quickly seat or remove your baby. This thoughtful feature combines comfort for parents with safety for the child during every meal.

neno PREMIUM

Removable Tray

As a multifunctional chair, Sapori offers several practical features — one of them being the detachable tray with raised edges that reduce the risk of spills and messes. This makes mealtime calmer and more enjoyable for both child and parent. The tray can be easily removed and cleaned thoroughly, helping you maintain hygiene and order. It also supports independent eating, especially for those following BLW (Baby-Led Weaning) methods.

neno PREMIUM

Adjustable Footrest

Proper posture depends not only on the backrest but also on adequate foot support. Neno Sapori features an adjustable footrest that can be adapted to your child's height, ensuring stability and comfort. As your child grows, simply change the height setting — Sapori will grow with them, supporting development at every stage, from early feeding attempts to shared family meals.

neno PREMIUM

Modern Design

Neno Savori stands out with its sleek, modern design. Its minimalist, Scandinavian-inspired form makes it a perfect fit for any interior. The combination of natural wood and neutral tones gives it a timeless character, turning it into a stylish addition to your home. Every detail has been carefully crafted – from the ergonomic shape to the smooth finishes – to ensure long-lasting comfort and visual appeal. Neno Savori perfectly embodies the brand's philosophy: combining design, quality, and functionality.

neno PREMIUM

Easy Assembly

The Neno Sapori highchair is exceptionally easy to assemble, and switching between its various functions requires no special tools. Each element fits together intuitively, allowing you to transform the chair into a recliner, kitchen helper, or adult chair in just minutes. A clear instruction manual and a smart assembly system make setup simple even for first-time users. Designed with parents' comfort in mind, Sapori saves time and adds convenience to everyday family life.

neno PREMIUM

Quick and Hassle-Free Folding

The simple structure allows the chair to be folded and stored when not in use. Thanks to its compact dimensions, Neno Sapori takes up little space — ideal for smaller homes or apartments. No tools are needed; with just a few movements, you can fold or unfold the chair effortlessly.

neno PREMIUM

Compact Dimensions

Sapori was designed to fit into any space. Its size makes it perfect even for small kitchens or living rooms. The stable construction doesn't overwhelm the room, and the seat height and width are optimized so you can easily slide the chair under the table while keeping enough space to move freely.
